eliminating violence through listening, learning and action

Help us to change the world, one classroom at a time!

Kids deserve to learn how to have healthy relationships built on equality, trust, and respect through the Respectful Relationships (R+R) Program. Our national award-winning program has engaged youth in our schools since 1999 in learning how to create healthy relationships built on equality, mutual trust and respect. Just \$100 will assure that one student will receive a full year's curriculum training. Each dollar donated directly to R+R goes directly toward delivering the R+R program in our local school district #64.

Please make cheques payable to SWOVA (Specify Respectful Relationships if you wish for your donation to be directed to that program).
